

DTE ENERGY NEW HOMES PROGRAM 2021-2022 UPDATES

Thank you for your continued support of the DTE New Homes Program. A friendly reminder to please submit all 2021 outstanding applications as soon as possible.

Due to the increased volume of rebate applications, builders will experience a delay in the processing and delivery of their rebate checks. Qualifying rebate applications will be paid early January 2022. Please look out for additional updates on rebates and other program news.

2022 Program Year: Any homes with rough HERS Ratings on or after January 1, 2022 will follow the new 2022 rebate structure. Stay tuned for 2022 rebate information.

Please reach out to your Program Manager if you have any questions or need any assistance.
