

DTE ENERGY HVAC PROGRAM 2022-2023 UPDATES

Thank you for your continued support of the Heating and Cooling (HVAC) Program. A friendly reminder to please submit all 2022 outstanding applications as soon as possible.

Due to the increased volume of year end HVAC rebate applications, contractors and customers will experience a delay in the processing and delivery of their rebate checks. Delays in submitting applications will only increase application processing time as the end of the year approaches.

2023 Program Year: Stay tuned for 2023 rebate information. Please reach out to our Energy Efficiency Team with any questions.

Thank you,
The DTE Energy Efficiency Team
