\*Valid for installation dates on or after Jan. 1, 2023. Funds for incentives are limited and available on a first-come, first-served basis. Good/Better/Best options are defined based on equipment efficiency levels. Customers can upgrade more than one piece of equipment with different incentive levels. Premise eligibility is limited to single-family homes. Single-family homes are defined as 2 or fewer connected units. Each unit must be individually metered for natural gas and electric and each unit must have its own heating, cooling and water heating equipment.
