

## Important Update: Enhancement to DTE Energy HVAC Program Data Collection

The DTE Energy HVAC Program has added a data collection enhancement which provides better understanding of the baseline equipment within the service territory to align program goals and improve marketing outreach.

**Effective May 6, 2025**, we introduced two additional data fields on the HVAC Residential Programs Rebate Application, [mydteprogram.com](https://mydteprogram.com), impacting Furnaces and Central Air Conditioners (CACs):

### 1. Operational Status of Existing/Removed Equipment:

- **Field Type:** Drop-down menu
- **Requirement:** Indicate whether the existing (removed) equipment was operational.

### 2. Serial Number of Existing Equipment:

- **Field Type:** Form fill
- **Requirement:** Enter the serial number of the existing (removed) equipment. If serial number is illegible, please note any make, model and age information available here.

Add Heating & Cooling

Select Improvement Type:

Improvement Type:

Install Date:

Manufacturer:

Model:

Serial Number:

AHRI Reference #:

AFUE (efficiency):

Manufacturer's Input BTUH:

Condition of Existing Equipment:

Existing Equipment Serial Number:

If you have any questions or need additional support, please contact the account advocate team or your account manager.

Thank you for your continued support of the DTE HVAC Program!
