

Cooling Diagnostic Tune-Up Webinars Now Available On-Demand

If you missed our annual introduction cooling diagnostic tune-up training webinars, hosted by DTE Energy residential Heating, Cooling and Water Heating (HVAC) programs.

The webinars are now available on-demand for you and your team to watch at your own convenience. While viewing the on-demand recording will not count towards Continuing Education Credits (CEUs) for industry certifications like the North American Technical Institute (NATE) and the Building Performing Institute (BPI), they are a great opportunity to train field technicians, service managers and administrative staff on the benefits for your business and customers. To view our on-demand webinar recording, please follow the link below.

[Introduction to Cooling Diagnostic Tune Ups – On-Demand Webinar](#)

[Cooling Diagnostic Tune Up Advanced Technical Training – On-Demand Webinar](#)

What Topics Will Be Covered:

- Myths of utility cooling diagnostic tune-ups
- Advances in non-invasive testing methods
- New opportunities for submission through our mobile app, including technology and data requirements

Thank you for your continued support of the DTE HVAC Program! Please contact the account advocate team or your account manager for additional support.

Thank you,
