

DTE Energy HVAC Program Update: Important Change to Central Air Conditioner Eligibility

There has been an important update to **Central Air Conditioner rebate efficiency requirements** that will take effect Jan. 31, 2026.

Central Air Conditioner

Current Efficiency (through Jan. 31, 2026)	Rebate Amount	Updated Efficiency (effective Feb. 1, 2026)	Rebate Amount
18+ SEER2	\$300	18+ SEER2	\$300
16-17.99 SEER2	\$200	16-17.99 SEER2	\$200
14.3-15.99 SEER2	\$100	15.2-15.99 SEER2	\$100

The **\$100 Central Air Conditioner rebate tier** will be updated to reflect a higher minimum efficiency requirement.

All rebate applications for 14.3–15.99 SEER2 central air conditioners must be submitted to the program by Jan. 31, 2026, to remain eligible for the \$100 incentive.

Please plan installations and application submissions accordingly to ensure your customers receive the appropriate incentive.

If you have questions or would like support navigating this change, our team is here to help.
